Do you have additional comments on library hours?

- Saturday hours would be nice.
- I visit the library primarily during the day, during the academic year, on weekdays
- Sat. hours may be helpful to students who are employed during week & have difficulty getting to library except on weekends.
- Library should be open @ least 1/2 hr. prior to the first morning classes.
- Because I teach every summer, I would definitely appreciate more summer hours, but I also understand budget issues. :-)
- I am busy during the quarter & can't spend much time doing the lib work I want so between terms I have to hustle to get there (it's OK - if its open everyday but that Friday gone in Summer was problematic-/ Perhaps I should get a life.
- IIBRARY HOURS = MORE THAN SUFFICIENT - PLENTY
- Online
- open more hours on Sat (like any!) Would be great.
- Some students have complained that the library isn't open on Saturday (?)
- CLOSED ON SATURDAYS IS A PROBLEM FOR ME AND FOR STUDENTS

Do you have additional comments on the EASE OF LIBRARY USE?

- The library staff is excellent - across the board
- I also get great help when needed.
- Often do not have time to get to library during day. Frustrating I can't access OSU or database articles from my office.
- I have been so very impressed with our library. I was able to research a dissertation from Bend, Oregon! :-)
- AV and website are important to me. I have given up trying because of confusion.
- Very helpful staff
- Excellent!
- APPRECIATE EASE OF E-RESERVES
- support staff are excellent, overall
- Using the computer makes it easy to get anything, the only prolem is when a staff person is needed for a special need, like info about artshows.
- I have forgotten how to find journal articles. How do I request an article that is not available locally?

- See above - only complaint. (Often do not have time to get to library during day. Frustrating I can't access OSU or database articles from my office.)
- Service has always been excellent.
- You folks do a great job!
- THERE ARE NOT A LOT OF BOOKS TO BROWSE THROUGH.

Any additional comments:

- Note: Confidential? No way- these queysions [1-3] identify most people on campus!
- Note: Now use Blackborad [instead of library reserves].Note: very statisfied with library collections, especially now with Summit/databases.Thanks
- This may seem oversimplified - students don't see the library as a study place - create posters around campus - PSAs in the paper, cable. Create an "awareness campaign" to reintroduce who you are.
- Keep up the good work!
- Technology has increased so rapidly that I have not kept up on all the services you offer. Definitely need faculty training so that we can guide (sic)of students on services to use.
- as an instructor of science I was very pleased w/ the Primary literature instruction they helped me with - it was tremendous!
- CONSIDER PROVIDING STUDENTS 1-HOUR LIBRARY RESEARCH MODULES (EVEN FOR SMALL FEE \$5): ILL, INTERNET RESEARCH, DATABASES, GOVT. DOCS
- Although I would like access to JSTOR (for social science) I have been very impressed with the services and staff of our Library. Keep up the good work.

Note on question #7, under "Use other web sources (beyond books or articels) available through the library web page": I'm not familiar with other library web sources (with the exception of a help page for any annotaed bib assignment).

- Note on question # 9: I can respond as a teacher but not as a student. I can get what I need when the library is open.
- Note on question #11: You folks do a great job!

Note on question #12 on top priorities - the respondent added a. "improve quality of videos"; b."provide instruction in using library resources for students"

- Note on question #12: You are all doing great.
- Not much was mentioned about media services. They are crucial, as is the media collection. (by media I mean videos & DVDs.)Note on question #12: using rotunda as an art gallery is a great idea!
- HONESTLY, I DON'T THINK SUPPORTING THE COST OF SUCH AN EXPENSIVE LIBRARY IS WARRANTED. THE BUILDING COULD BE BETTER UTILIZED AS COMPUTER LABS, CLASSROOMS, OFFICES, TUTORING, STUDENT CENTER THAN OCCUPIED WITH BOOKS & MATERIALS THAT CAN BE FOUND ON LINE. I THINK A PERIODICAL SECTION & ON-LINE ACCESS WOULD BE A BETTER USE OF SPACE.
- Most staff / faculty are phenomenally courteous & helpful ~ Thanks for asking!

- I am not opposed to using the library. I am just not in the habit & I am sure that I would be highly satisfied if I were to use it more often.
- JStore - an online Journal for sociology would be a great resource for soc.
- Note on question #12 - respondent added "to meet any time available" to the phrase "provide librarian consultation for your research needs."
- I love this library & wish I had more time to hang out & study. It is great to see the rotunda used to show case art; keep it coming!
- Note on question #10 under a. "Find journal articles": How? I forget
 - b. "Request an article that is not available locally": How?

Note on question #12 on library priorities:

- a. under "provide access to more online journal titles or databases" responded added "with instruction"
- b. under "provide librarian consultation for research needs" respondent commended: didn't know we could get help.
